

HOMEOPATHY WORLD COMMUNITY

Author Requirements & Submission Form

For every article submitted to Clever H — the HWC journal on Substack

Creating the Waves of Awareness

Thank you for writing for Clever H. Please read the requirements, complete the form, and send it with your article and images to office@homeopathyworldcommunity.com — or use the online form at www.homeopathyworldcommunity.com/submit-article.html. Publication follows editorial acceptance and a signed Author Publishing Agreement for this article.

1. Requirements — what every article needs

Length	1,500–2,000 words (excluding references)
Structure	Title → Author & credentials → Pillar → Body with clear headings → Research / references and/or a remedy differential
Originality	Your own work, not published elsewhere unless you hold the rights and tell us where it appeared
Evidence	Every clinical or factual claim referenced — peer-reviewed sources where available, plus classical homeopathic literature; working links
Cases	Patient consent obtained; no identifying details; ages/sexes/initials only
Images	Send at least 2 of your own images (author portrait + 1 relevant). We add brand cards to reach 5. Photos of people need written consent; stock/digital images need the source stated
Third-party material	Quotes over 100 words, tables, figures or images from other publications require written permission — attach it
Tone	Warm, professional, educational; respectful of other schools of practice; no product promotion
Author bio	2–3 sentences + portrait photo (≥1200 px, face centred)
Contract	Signed Author Publishing Agreement (we send it on acceptance) — no publication without it
Timeline	Review within 14 days of receipt; edits returned to you for approval before publication
